PREVIOUS POSITIONS:

Lecturer, School of Business Studies, Darling Downs Institute of Advanced Education, 1981-82.

Lecturer, Department of Economics, Faculty of Military Studies, The University of New South Wales, 1983-86.

Senior Lecturer and subsequently Associate Professor, Department of Economics and Management, The University of New South Wales (ADFA), 1986-2000.

COURSES TAUGHT:

Economics 1 (Micro and Macro)
 Intermediate Micro Economics (theory and application)
 Advanced Economic Theory and Policy
 Resource and Environmental Economics (Under grad. & Post grad.)
 Transport Economics (Under grad. & Post grad.)
 Statistics (Under grad. & Post grad.)
 Industrial Economics
 Public Project Evaluation / Benefit-Cost Analysis
 Economics for Scientists and Engineers
 Public Expenditure Theory
 Microeconomics for Managers (Post grad)
 Finance and Investment Appraisal (Post grad)
 Economic Valuation of the Environment (professional short course)
 Payment for Environmental Services (professional short course)
 The Research Process (Post grad)
 Issues in Development (Post grad)
 Methods for Environmental Decision Making (Post grad)

AWARDS

ANU 'Top Supervisor Award' 2009, 2010

ANU College of Asia Pacific 'Teaching Award for Excellence in Supervision' 2012

ANU Achievement Award for 'Outstanding Contribution to Student Learning'.

POST GRADUATE RESEARCH SUPERVISION:

Successfully graduated PhD students:

Luca Tacconi, John Rolfe, Mark Morrison, Stuart Whitten, Twan Huybers, Simad Saeed, Xuehong Wang, Sophie Legras, Andy Choi, Albert Ofei-Mensah, Helen Scarborough, Jeremy Cheesman, Thang Nam Do, Ben McNair, Kasia Mazur, Marit Kragt, Mia Amalia, Sonia Akter, Gabriela Scheufele, Anthea Coggan, Robert Gillespie, Julia Talbot-Jones.

Successfully graduated numerous MA, MEng and MEMD research students

Currently supervising three PhD students.

Lone Mountain Fellow, Property and Environment Research Centre, Bozeman, Montana, USA, 2012, 2014, 2015.

**ACADEMIC RESEARCH (selected):
Project Leader/Sole Researcher**

Effective Implementation of Payments for Environmental Services in Lao PDR (2012-2017).
 Australian Centre for International Agricultural Research funded project to implement two PES schemes in Lao PDR and advise the government on PES policy frameworks.

Director, Environmental Economics Research Hub (2007-2011).
 Commonwealth Department of Sustainability, Environment, Water Population and Communities funded involving 30 research projects.

Sustainable Land Use Change in the North West Provinces of China (2003 - 2012).

Australian Centre for International Agricultural Research funded project to analyse existing policies to control land and water degradation and to recommend alternative policies.

Managing Groundwater in Tay Nguyen, Viet Nam (2005-2009).
Australian Centre for International Agricultural Research funded project to analyse values arising from alternative groundwater uses and to develop appropriate management policy initiatives.

Private Sector Conservation Enterprises (2003-04).
Rural Industries Research and Development Corporation funded project to investigate this sector of the Australian conservation effort.

Estimating the Environmental Values of Rivers in NSW (2000-2001).
Jointly funded by NSW EPA and Land and Water Australia to provide input into the development of water sharing arrangements on a catchment by catchment basis under the Water Reforms Process.

The Private and Social Values of Wetlands (1997-2001).
Environment Australia funded project to develop a bio-economic model of trade-offs between uses of wetlands and to design institutional settings to align private incentives with social goals.

Using Choice Modelling to Estimate Non-market Values (1996-2000).
Land and Water Resources R&D Corporation and various Queensland and NSW government agencies funded project to explore the prospects of choice modelling for estimating the non-use values.

Socio-economic Analysis of Forest Conservation Proposals in Vanuatu (1992-1996). Australian Centre for International Agricultural Research funded project to investigate the incentives faced by local landowners to conserve their forest assets. Two case studies involving areas proposed as conservation areas were investigated.

Co-researcher (selected)

Grasslands management in Mongolia and Inner Mongolia (with Dr Colin Brown, University of Queensland, ACIAR project: 2015 - ongoing).

Recolonising Coral Reefs in the Philippines (with Prof Peter Harrison, Southern Cross University, ACIAR project: 2015 - ongoing).

Biosecurity threat of Asian Tiger Mosquito (with Dr Paul Mwebaze, CSIRO 2013-2014). CSIRO Flagship project analysing benefits of ATM control measures.

Fitzroy River Water Development (with Dr John Rolfe, CQU: 2001-03). An ARC funded project assessing alternative water development options in the Fitzroy River Basin.

Citizens' Juries (with Dr Russell Blamey, ANU – 1999-2000). Funded by the Land and Water Resources Research and Development Corporation to investigate citizens' juries as a mechanism for resolving resource use conflicts.

Environmental impacts of expansions in the Queensland sugar industry (with Thilak Mallawaarachchi, CSIRO and others – 1998-2000)
Funded by the Sugar Cooperative Research Centre to investigate the value of remnant vegetation being cleared for sugar cane planting.

The Management of Matang Mangrove Wetlands, Malaysia (with Dr Jamal Othman, National University of Malaysia – 1999-2000).
Funded by the Danish Government Aid Agency to generate management strategies.

The impact of environmental regulation on the competitiveness of Australia's tourist industry (with T. Huybers, UNSW – 1998-2000).
In co-operation with the Tourism Council of Australia, Reef Tourism 2000 and the Hoteliers' Association of Fiji.

Economic Evaluation of Forest Conservation Benefits (with M. Carter, Resource Assessment Commission, 1991-1992).
As an input to the Resource Assessment Commission's Forest and Timber Inquiry, a Contingent Valuation study was conducted to estimate the value of the South-east Forests in a conserved state. This value was reported to the Commissioners and used in a comparative study of the benefits and costs of constructing a world scale pulp mill in East Gippsland.

The International Competitiveness of Regions (with W.Kasper, S.Markowski and S.Jackson, 1992)
An exploration of the factors that make a region competitive for the location of resources based industries. Because of international capital mobility, the mere existence of rich resource deposits in a region does not guarantee its economic prosperity.

The Fiji Economy (with W. Kasper and R. Blandy, 1988)
An analysis of the agricultural, forestry, fishery and mineral sectors of the Fiji economy subsequent to the coups, indicating important areas for reform.

GRANTS RECEIVED:

The Cost of Bushfire Damage in National Parks
CSIRO Division of Forest Research ("Project Aquarius"), 1983-84,
1 year, \$1,800.

Validation of Revealed Preferences
ARGC, 1984, 1 year, \$1,500

The Economic Effects of Logging on Water Quality and Quantity
UNSW Special Research Grant, 1984/85, 1 year, \$9,000

Socio-Economic Analysis of Forest Conservation Proposals in Vanuatu
Australian Centre for International Agricultural Research, 1992-96, 4
years, \$450,000.

Private Provision of Conservation Benefits
UNSW Special Research Grant, 1994-95, 1 year, \$2,100.

The Use of Choice Modelling in Non-Market Valuation
Land and Water Resources R&D Corporation, Queensland DPI, and the
NSW NPWS, NSW EPA, 1996-1999, 3 years, \$610,000.

Environmental Regulation and the Competitiveness of Australia's Tourism
Industry.
UNSW Quality Assurance Research Grant, 1996-97, \$10,600

The Private and Social Values of Wetlands.

Environment Australia, 1997-2000, \$200,000.

Estimating the Environmental Values of NSW Rivers.
NSW EPA and Land and Water Australia 2000-2001, \$120,000.

Sustainable Land Use Changes in the North West Provinces of China.
ACIAR, 2003-2007, \$460,000.

Private Sector Conservation Enterprises
RIRDC, 2003-2004, \$40,000

Integrating Environmental Impacts into Water Allocation Models of the
Mekong River Basin
ACIAR, 2003-2004, \$40,000

Managing Groundwater in the Central Highlands of Viet Nam
ACIAR, 2005-2008, \$400,000

Environmental Economics Research Hub
DEWHA, 2007-2011, \$9m

Improving the Efficiency of land Use Change Policy in China
ACIAR, 2008-2012, \$406,000

Effective Implementation of PES schemes in Lao PDR
ACIAR, 2012-2017, \$1.6m

Recolonising Coral Reefs in in the Philippines
ACIAR, 2015 (on-going), \$200,000

Grasslands Management in Mongolia and Inner Mongolia
ACIAR, 2015 (on-going), \$250,000

CONSULTING EXPERIENCE

Professor Bennett is Principal of the consulting group Environmental and Resource Economics.

SELECTED PROJECTS:

- June 2017 – 2018: **Fisheries R&D Corporation**
Evaluation of the benefits and costs of releasing the carp virus
- July – Oct 2016 – **NSW Department of Planning**
Advisor on the thoroughbred horse industry in the Hunter Valley
- October – December 2015 – **NSW Department of Industry**
Advisor on Benefit Cost Analysis of fishway investments
- February 2011- on going – **Gillespie Economics**
Advisor on Benefit Cost Analyses of coal development projects
- October 2012 – September 2013 – **Sydney Water Directorate**
Valuation of river health improvements from e-flow policy
- January 2012 – 2013 – **International Food Policy Research Institute**
Review of water research program
- Feb 2009 – on-going – **Science Council, CGIAR**
Advisor on a range of research and management issues
- November 2008 – 2010 – **NSW Planning Assessment Commission**
Part-time Commissioner assessing mining proposals
- October 2008 – Jan 2009 - **C'wealth and State Governments**
The benefits of re-cycling computers and TVs
- March – Dec 2008 – **Smart Water Fund**
Estimating the costs of Melbourne Water restrictions
- 2008-12 – **Environmental Economics Program South East Asia –**
Short course on environmental valuation
- 2006 – 2012 – **SEWPAC**
Short courses on environmental economics
- May 2006 – June 2008 – **Victorian Environmental Assessment Council**
River Red Gum Forest Inquiry valuation and benefit cost analysis
- June 2006 – August 2007 – **Consultative Group on International Agricultural Research**
External Reviews of the International Water Management Institute and Challenge Program on Water and Food
- June 2005 – December 2005 – **Victorian Department of Sustainability and Environment and Melbourne Water**
Valuing healthy rivers
- August 2002- August 2003– **Murray Darling Basin Commission**
Living Murray projects on environmental value estimation
- August 2002 – March 2003 – **Scottish Executive**
Benefit-cost analysis of Natura 2000 sites
- August 2001-February 2002 – **Environment Australia**
Handbook on wetland protection incentive measure
- April 2001 – January 2002 – **Queensland Dept of State Development**
Competitiveness of regions for mineral processing industry location
- September 2000-April 2001 – **Australian Greenhouse Office**
Benefit Cost Analysis of Greenhouse Gas Abatement proposals
- September 1999-June 2001– **National Land and Water Resources Audit**
Estimating the non-market values of resource degradation
- December 1998-April 1999 – **Victorian Department of Natural Resources and Environment**
Management alternatives for Victorian National Parks
- June 1998 – **Woodside Pty Ltd**
Benefit Cost Analysis of Greenhouse gas emission reduction investments

- December 1997 - February 1998 – **AusAID (with Unisearch Pty Ltd)**
Appraisal of agricultural sector of PNG
- November 1997 - **National Land and Water Resources Audit**
Advisor on methodological development
- August 1997 – May 1998 - **Resource and Conservation Assessment Council**
Threshold Value Analysis of forest protection in Eden forests.
- July-August 1997 - **Sydney Water**
Application of the Contingent Valuation Method to estimate the benefits of a sewage treatment proposal.
- March - June 1996 - **Resource and Conservation Assessment Council**
The Economic Efficiency of RACAC Resource Allocation Options
- December 1995 - February 1997 - **ABARE**
Non-market valuation of SA wetlands impacted by dryland salinity
- October 1995 - January 1997 - **NSW Department of Agriculture**
A benefit-cost analysis of long-term agronomic experiments
- September 1995 - 1997 - **Land and Water Resources Research and Development Corporation**
- Member of the Water and Irrigation, and Land and Vegetation Research Proposal Evaluation Committees
 - Member of the Wetlands Programme Working Party
 - Review of funded projects - with ACIL Pty Ltd
- April-August 1995 - **NSW National Parks and Wildlife Service**
Estimation of the recreational use values of two National Parks and the preparation of a handbook on the application of Travel Cost Method
- October 1994 - **NSW Natural Resources Audit Council**
Preparation of a report on the intrinsic values of the public lands
- September 1994 - **New Zealand Foundation for Research, Science and Technology** - Preparation of a scoping paper on the economics of environmental research
- June 1994 -December 1995 – **ABARE** - Member of the steering committee for a project on dryland salinity issues
- May - August 1994 - **Australian Coal Association** (with ACIL Australia Pty Ltd) - Analysis of the labour and industrial relations situation in the Australian black coal industry
- April 1994 and September 1999 - **NSW Environment Protection Authority**
Assessment of the EPA's Environmental Valuation Data base
- April - May 1993 - **NSW Department of Water Resources**
Adviser to a project evaluating the damage costs of algal blooms
- April - June 1992 - **AIDAB (with Unisearch Pty Ltd)**
Socio-economic and environmental appraisal of four DIFF projects in the Peoples' Republic of China
- September - December 1991 - **Queensland Treasury**
Analysis of the international competitiveness of resource sector industries in the Gladstone- Fitzroy region
- December 1990 - October 1991 - **Resource Assessment Commission**
Adviser to the Forest and Timber Inquiry study of the preservation values of the south-east forests
- October - December 1990 - **Fraser Island Commission of Inquiry**
report on alternative management options for Fraser Island
- April - December 1990 - **United States Justice Department**
Adviser to the Exxon Valdez oil spill damage assessment team
- April - June 1990 - **The State of Ohio Environment Protection Agency**
Analysis of the natural resource damage caused by toxic chemical spills
